NEPU BIYORI VICTORY

Good evening, Taka here.

This is a continuation of
this past summer's Nep-Nep 4koma book.
Following the numbering of the source material,
this Victory book is the third, not the fifth.

As usual, this work
is laid back and silly fun,
so please enjoy.

Remember, this commercial has absolutely nothing to do with the original game!

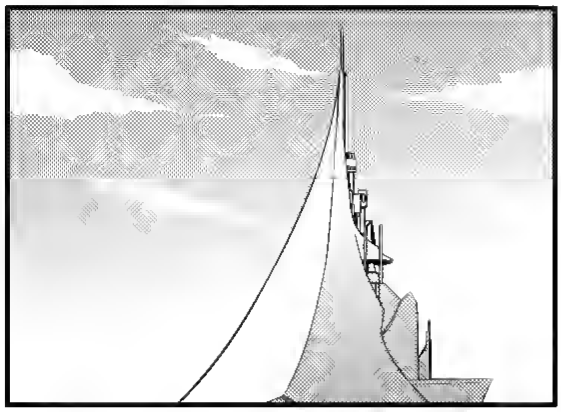
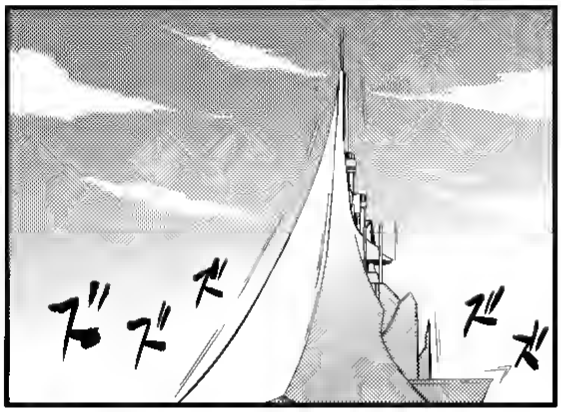
She just muttered something that could kill many dreams in Gamindustri!!



But don't you worry, Onee-chan!!
I've secretly been developing a Nepsanta just for this occasion, and...
That's not what I'm talking about.



ズズズ

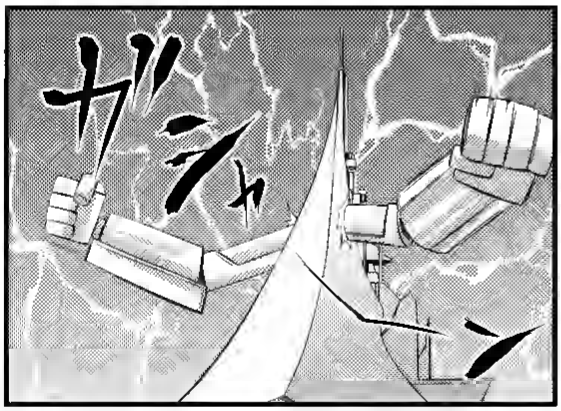
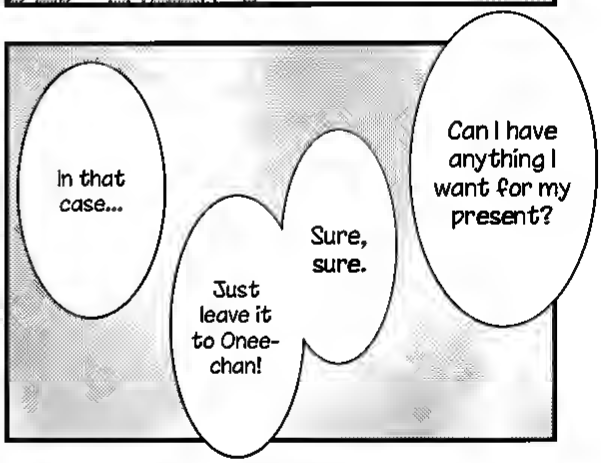
I simply wanted to give you a present.



ガシャ



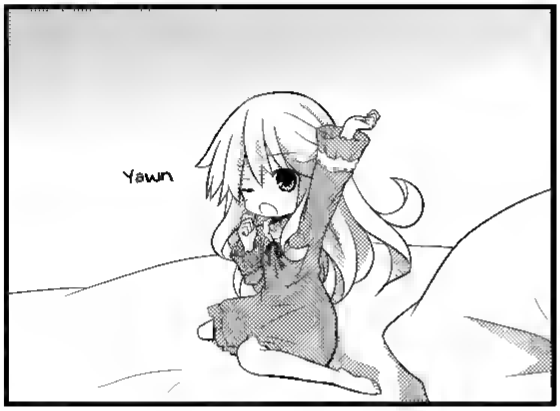
Can I have anything I want for my present?
Sure, sure.
In that case...
Just leave it to Onee-chan!

A Super Transforming Planeptower
Argh, I knew you were setting up a robot joke! Denied, denied!!

I want Planeptune.
!?

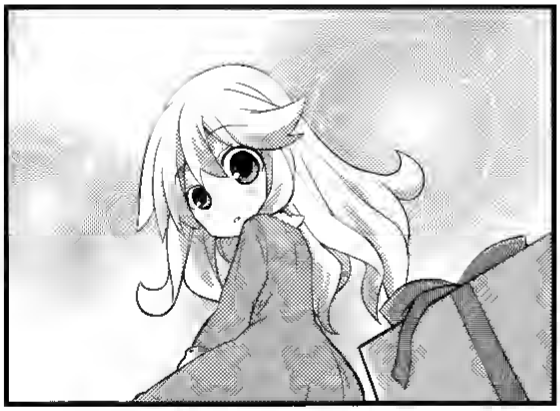
December 25th
Morning~ It's morning~ Eat breakfast and play some games~

Good Grief
Another worthless conversation...

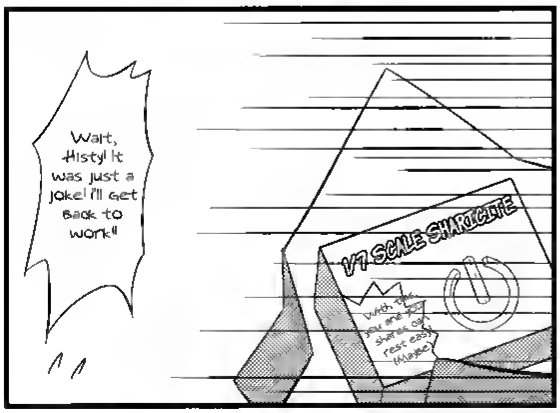


Yawn

But the Bon Festival, New Year and Christmas all come EVERY year...
Oh really now
Christmas comes only once a year you know!?
It's not worthless!



Tell me your wish!
If there's anything you want, ask away!!
I'll give you a present too, Histy!
Alright, got it!



Wait, Histy! It was just a joke! I'll get back to work!!
V1 SCALE SHIPUCUTE

That wish might be outside of my power...
I want shares.

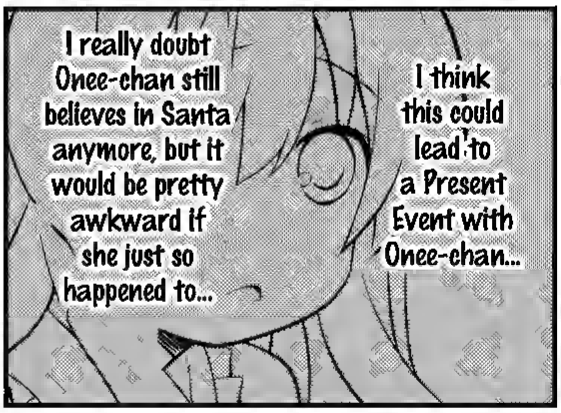
Caught on →
Aaah...

Sure is.
It's almost Christmas, Uni.

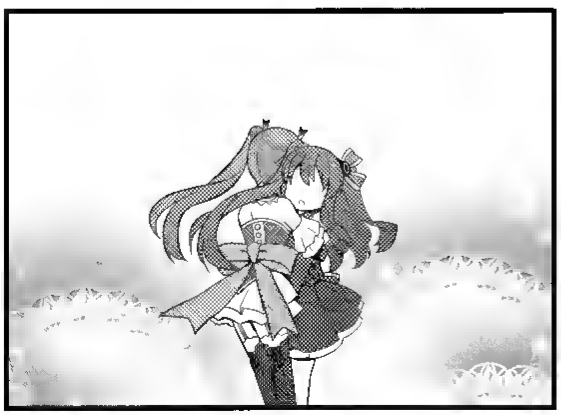
Present Event Start!
Don't be shy. If there's anything I can do, tell me.

Onee-chan...
Is there a present that you would like for working so hard this year?

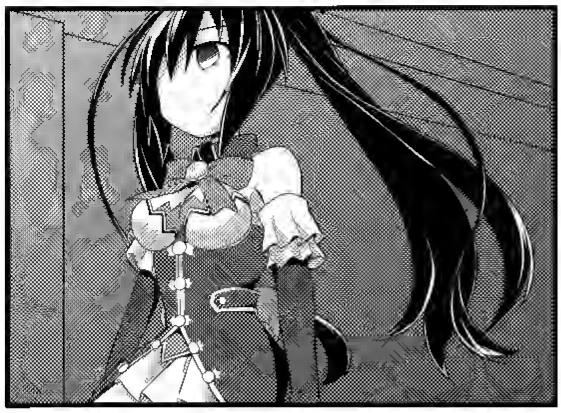
I don't need presents.
I just want to spend Christmas with you.
Then...



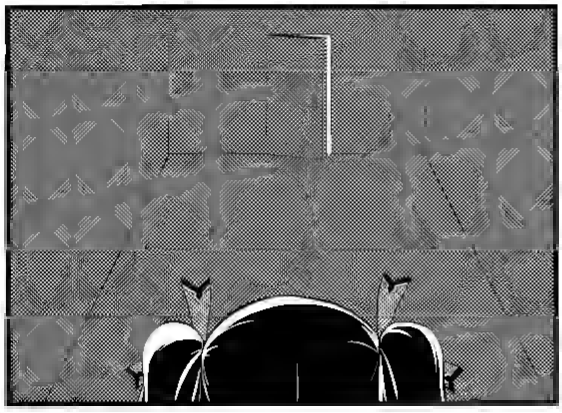
I really doubt Onee-chan still believes in Santa anymore, but it would be pretty awkward if she just so happened to...
I think this could lead to a Present Event with Onee-chan...



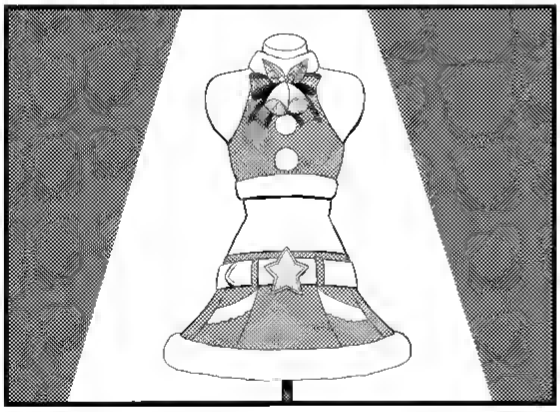
Here we go!
Mario
?
Who is the red mustachioed man?
...Onee-chan.
Who?



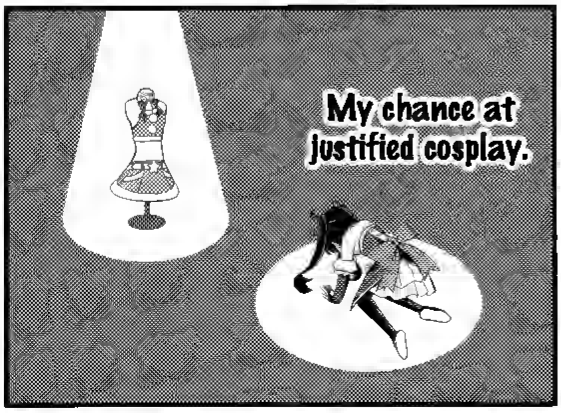
But it'd feel pretty empty without any presents...
How about I cook up something good?
Why don't we have a little party?



It's okay, Onee-chan. I know how busy you are,
so I'll handle the preparations!!

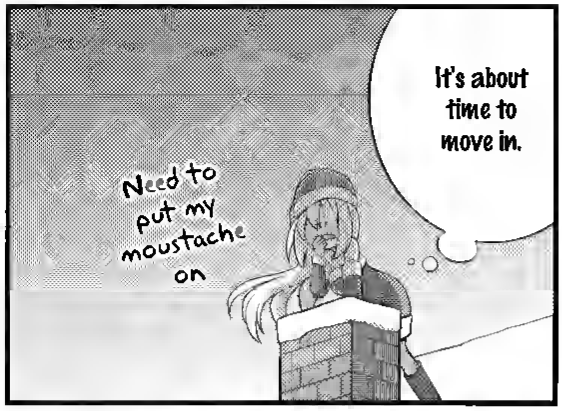


Oh Uni, you don't have to go that far.
You just rest easy and I'll take care of everything!
Don't worry!!

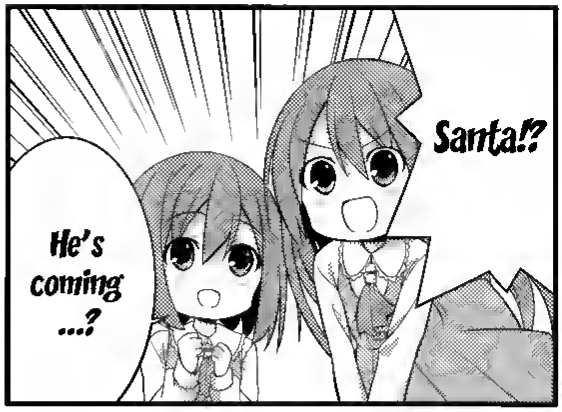


My chance at justified cosplay.

.....
Okay.



It's about time to move in.
Need to put my moustache on



Santa!?
He's coming ...?

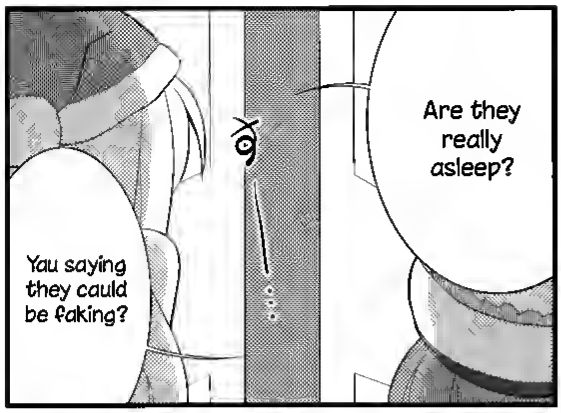
Hooray!!
Yeah. You've been good kids this year.

What is it!?
Blanc, there's trouble!

But this year it might be hard to give them their presents without getting caught...
They still believe in Santa. So adorable.

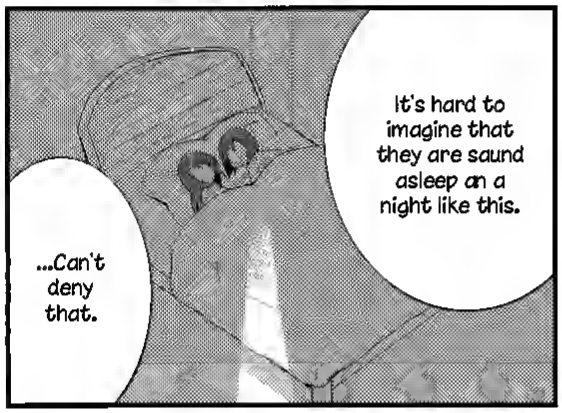
My chest is caught in the chimney, I can't get in!!
Dammit, I'll come and scrape you out so hang on!!

I'm counting on you.
Vert!!



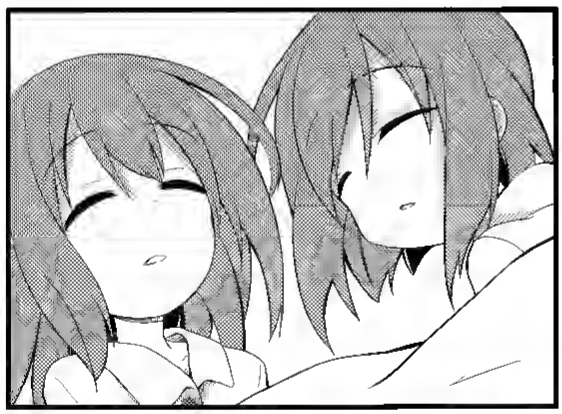
Are they really asleep?
Yau saying they could be faking?

Status report?
All good.
Came in through the window



It's hard to imagine that they are saund asleep an a night like this.
...Can't deny that.

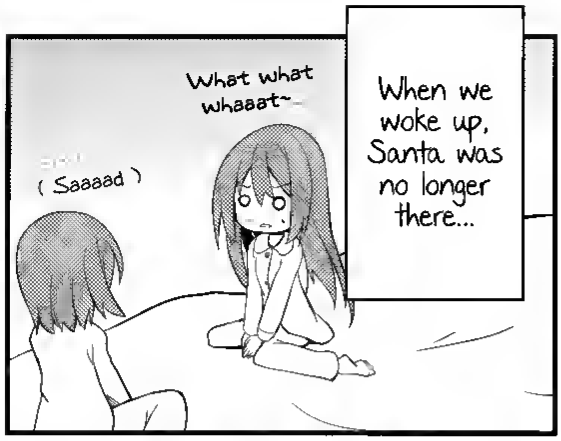
Those two just fell asleep.



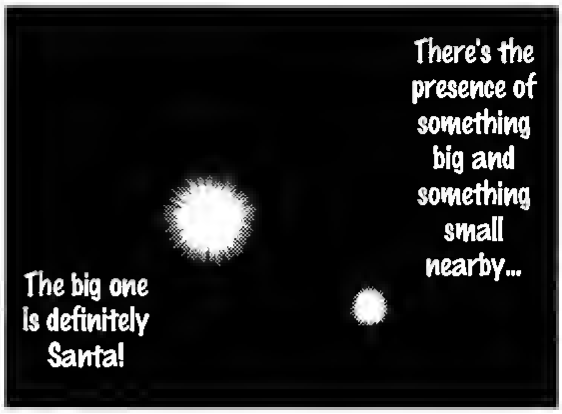
but with your help I can take it easy.
I had originally planned ta distract them with samething,
They had fun this year

They really were awake!!

Had you done that, I wouldn't have appeared at all! That would have been a huge problem!!
Since this is a little sister chapter!!
No one cares.



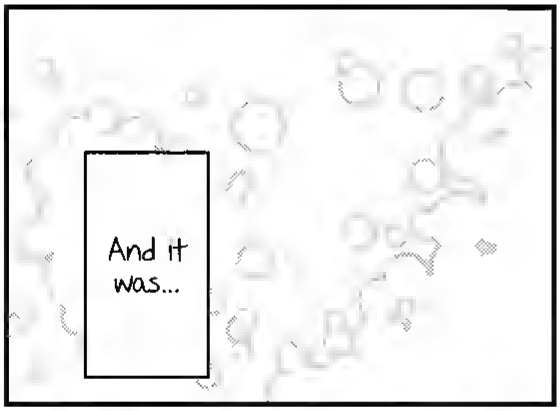
What what whaaat~
(Saaaad)
When we woke up, Santa was no longer there...



There's the presence of something big and something small nearby...
The big one is definitely Santa!

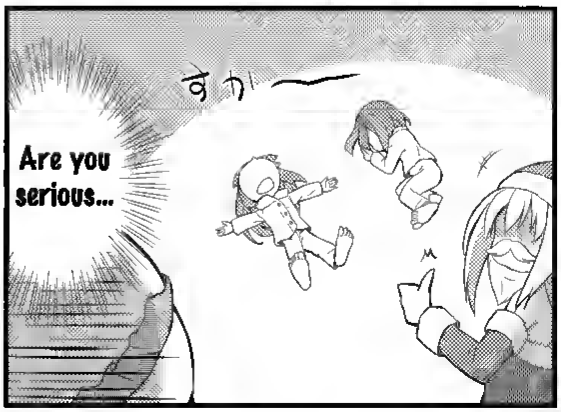
But he left a present behind for us.

It's coming closer!!
We've got you now, Santa!!

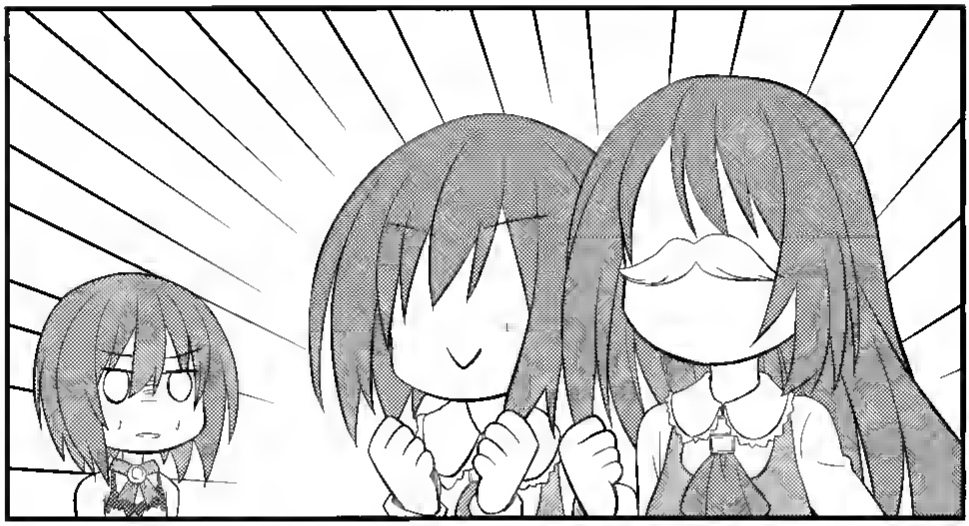


And it was...

ひげへん
Santa...
Santa's stunning moustache!
The real deal?



すか～
Are you serious...

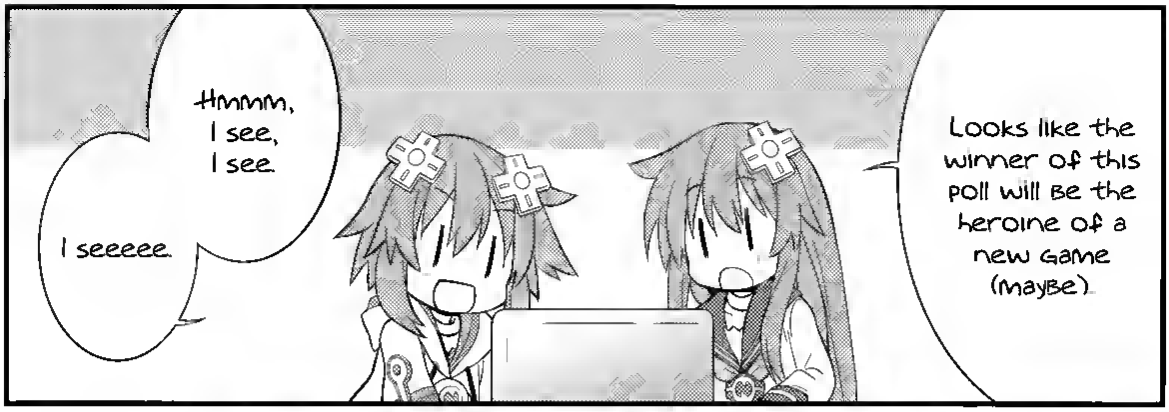


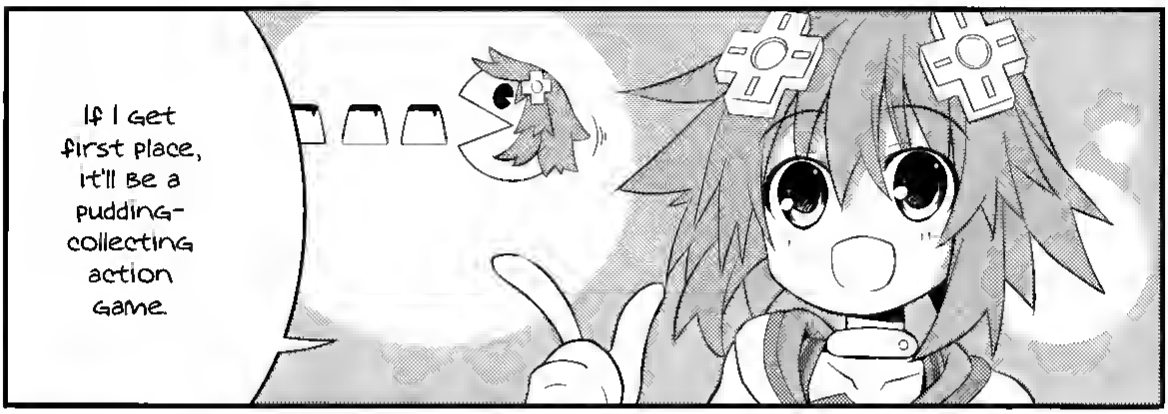
"We'll win next year, Santa!"

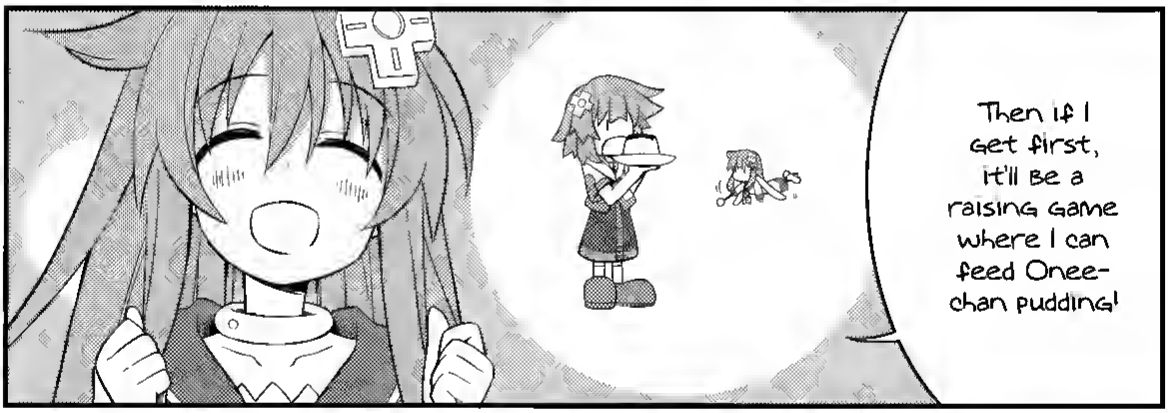
"Next... Year...!"

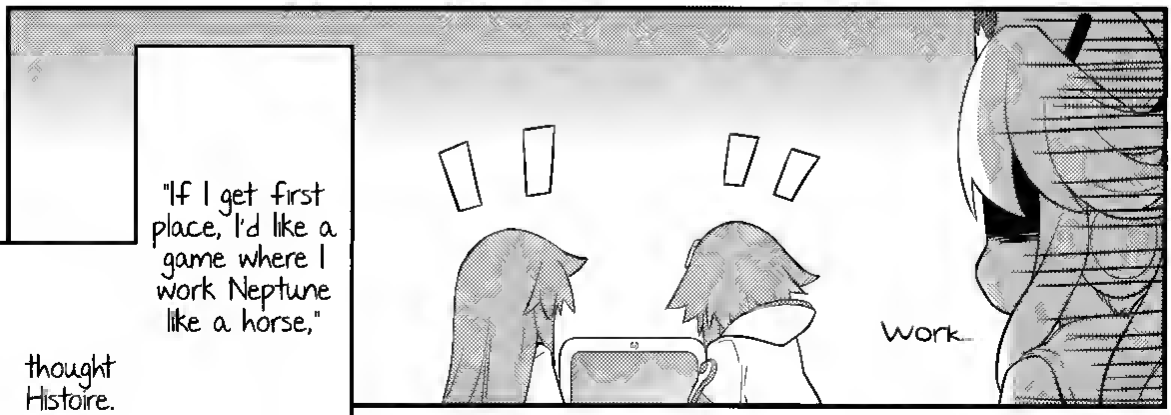
(...That idiot left too much behind)

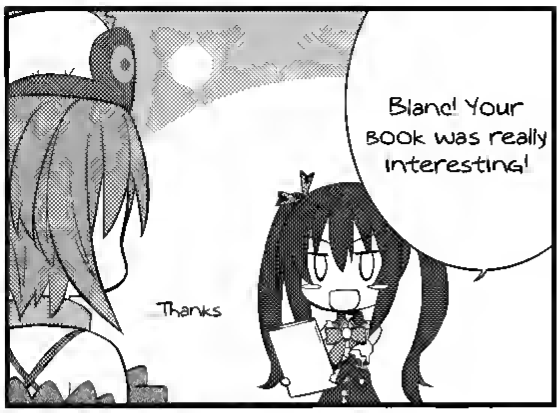
■ Filler Manga Page

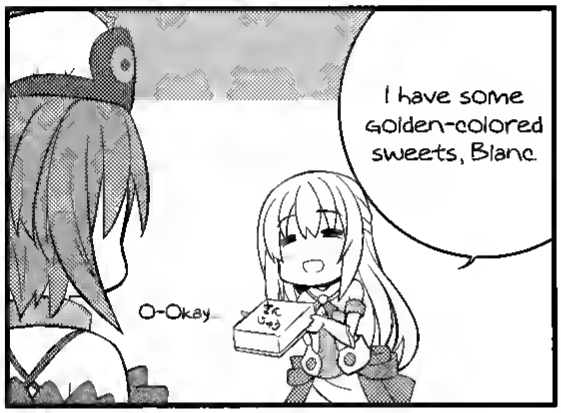


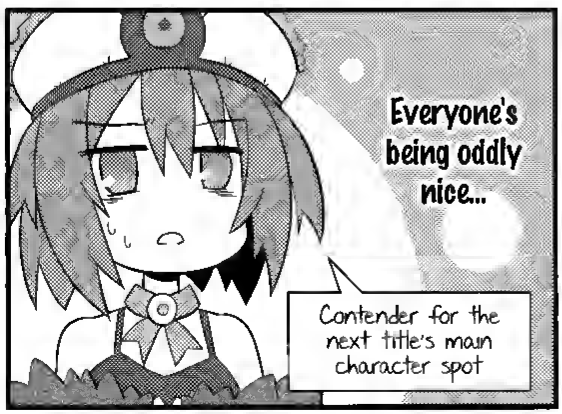






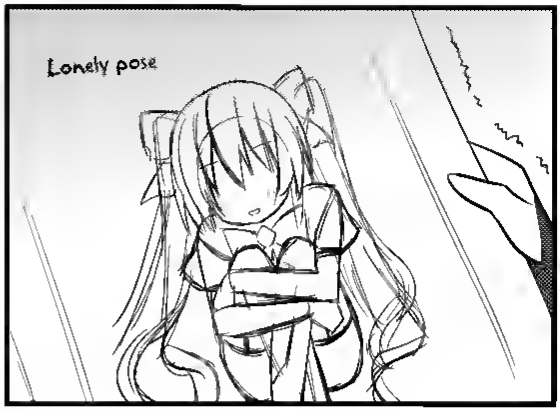




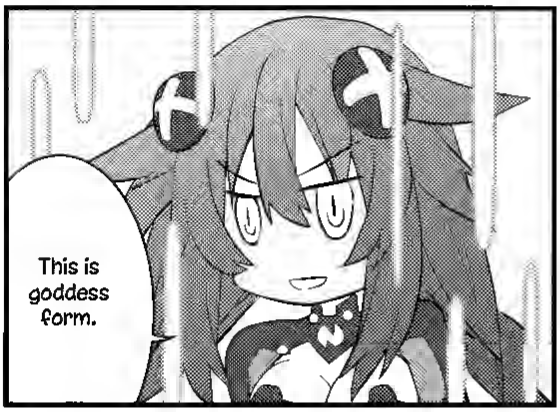


Filler With Histy!

First, this is the normal form.
Let me explain goddess forms in a way that's easy to understand.

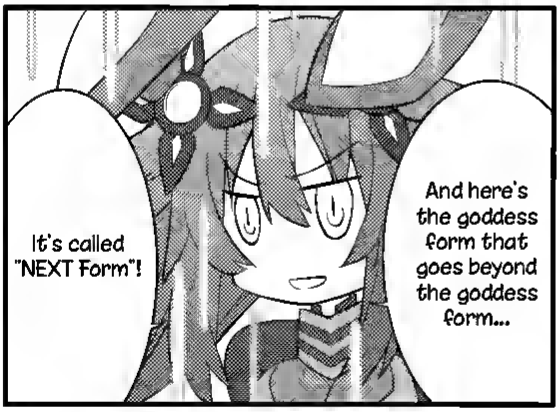


Lonely pose

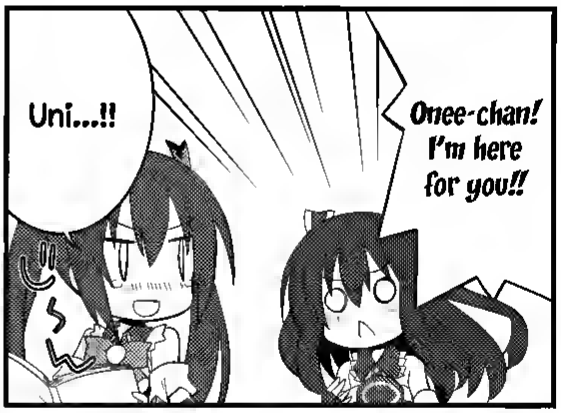


This is goddess form.

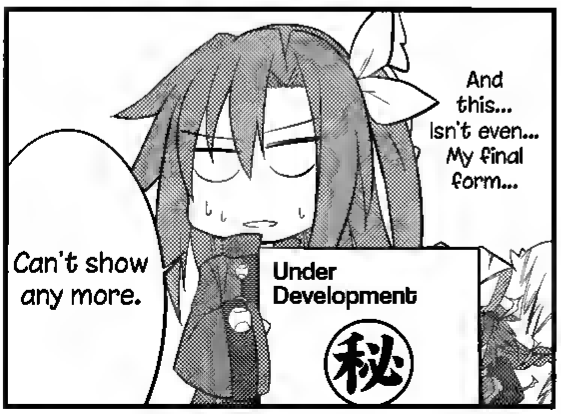
On the box illustration, no less.
They even drew me in the lonely pose for the official art...



It's called "NEXT Form"!
And here's the goddess form that goes beyond the goddess form...

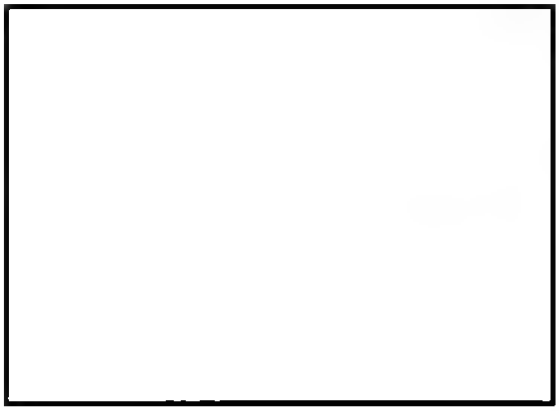


Uni...!!
Onee-chan! I'm here for you!!

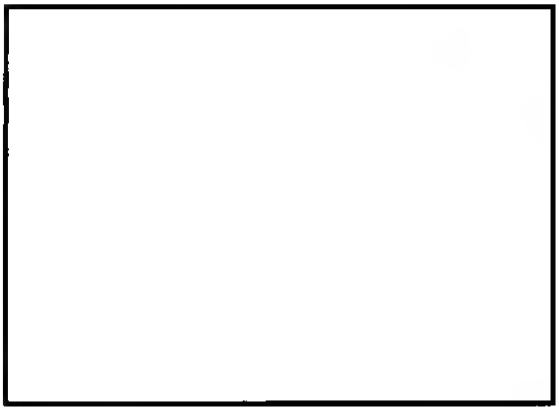


Can't show any more.
And this... Isn't even... My final form...
Under Development
秘

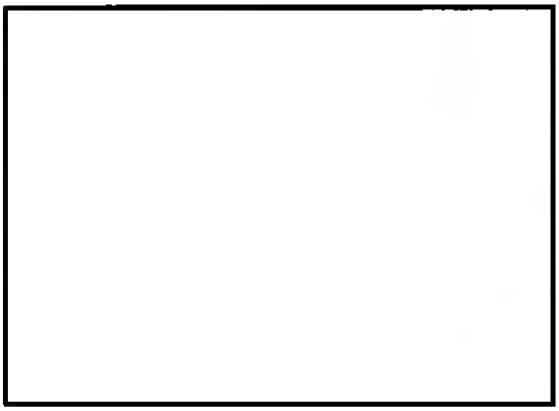
Next time will be different, though
But I don't even show up in this game!!



Histy!
I've got an awesome joke!

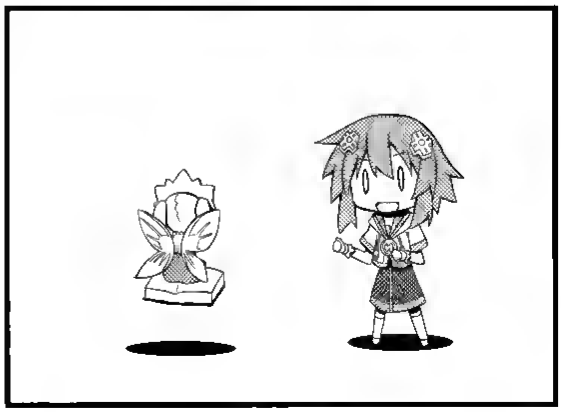


Joining three panels together is fine, too! I'm counting on you, Histy!!
For this joke, I'll need to reserve the four panels on the left!



Even though I've already used the last three pages for jokes?
(´･ω･)

Onee-chan, you ended up not using these panels at all!?
There's so much missing!!



Leaving the Rest to "That"
